InMode

Votiva is a non-invasive option for vaginal rejuvenation. **Votiva** offers immediate results with continued improvements over time. The growth in options for feminine health solutions has increased awareness for many health issues that were previously not addressed. As women age, their bodies face a host of new changes, from a loss in elastin and collagen, to physical trauma associated with vaginal childbirth, to reduced estrogen. Common feminine health concerns include: elasticity and wrinkled appearance of the labia and vulva; low blood flow and sensitivity; pain sensation caused by labial hypertrophy; and level of sexual interest and self-esteem. 855-411-2639 or inmodemd.com
