Beauty and Style | NATA PR unveils Fall/Winter 2014 collections

## NATA PR unveils Fall/Winter 2014 collections

Leave a Comment | By Marriska Fernandes

Tribute was invited for a special media preview of the Fall/Winter 2014 collections of renowned beauty and fashion brands, including Caudalie, Lotus Aroma, Karin Herzog and BOGS. Caudalie, the French Vinotherapie skincare line launched a series of limited edition Holiday gift sets, including a Moisture Essentials Set (\$39), a Vine Body Luxury

Set (\$34) and a Divine Indulgence Set (\$35). Bringing a spa-like treatment right home is the Vinosource Overnight Recovery Oil which is specially developed for dry and sensitive skin. It deeply nourishes, soothes skin prone to redness and irritation, and repairs the skin barrier. Sounds relaxing, right?

One of my favorite brands, BOGS, presented a collection of waterproof leather boots that combine function with city-chic design. The new collection combines waterproof full grain leather and features Rebound technology in the outsole for added comfort.

Lotus Aroma launched its Velvet Body Lotion which is 99.5 per cent natural and brings a fresh, delicate scent to your skin. It soothes, heals and hydrates your skin without adding any greasy formula. Adding additional sweetness and luxury to your routine is Karin Herzog's Additional Sweet face cream. It pampers your skin with hydration and the necessary vitamins to renew your skin. Aren't these skin care gems a perfect way to relax and treat yourself this fall?

Canadians who love their local denim brands, will be happy to hear that Yoga Jeans is introducing new colors and styles this fall. The modern women can show off their curves with the comfortable denim collections such as Luxurious Sueded Moto, Shades of Grey and Washed in Los Angeles.
